*An ADG Mountainside
Exclusive!*

The Olympic Regional Development Authority opened the longest mountain coaster in North America designed & built by ADG in 2020, following alongside the 1932 & 1980 Olympic bobsled run.

★ ★ ★ ADG constructed 80% (6,000 ft) of track in just 3 months time during worldwide pandemic.

7,600 ft coaster track

1,800 ft of uphill track

5,800 ft of downhill track

500' elevation

“

ADG’s exceptional project management and oversight of the installation process was integral in enabling ORDA get the ride **UP AND RUNNING A MONTH EARLIER THAN ANTICIPATED**, allowing us to capture some **KEY REVENUE GENERATION** in the fall season. Ride was sold out weeks in advance through on-line bookings!

- Lake Placid Olympic Authority

PURGATORY MOUNTAIN COASTER Durango, CO

The first mountain coaster of Southwest Colorado, designed and built by ADG, opened at Purgatory Resort in 2018.

★ ★ ★ The mountain coaster was built on a very steep site with areas in excess of 70% slope.

-  4,000 ft coaster track
-  700 ft of uphill track
-  3,300 ft of downhill
-  300' elevation

“The Inferno Mountain Coaster is a **FANTASTIC NEW ADDITION** to all the other activities at Purgatory Resort, providing one more **REASON TO VISIT THE RESORT ANY TIME OF YEAR**. The new coaster is a **FUN RIDE FOR ALL AGES**, and it gives you the freedom to determine how fast or slow you want to go.”

- Purgatory Mountain Resort

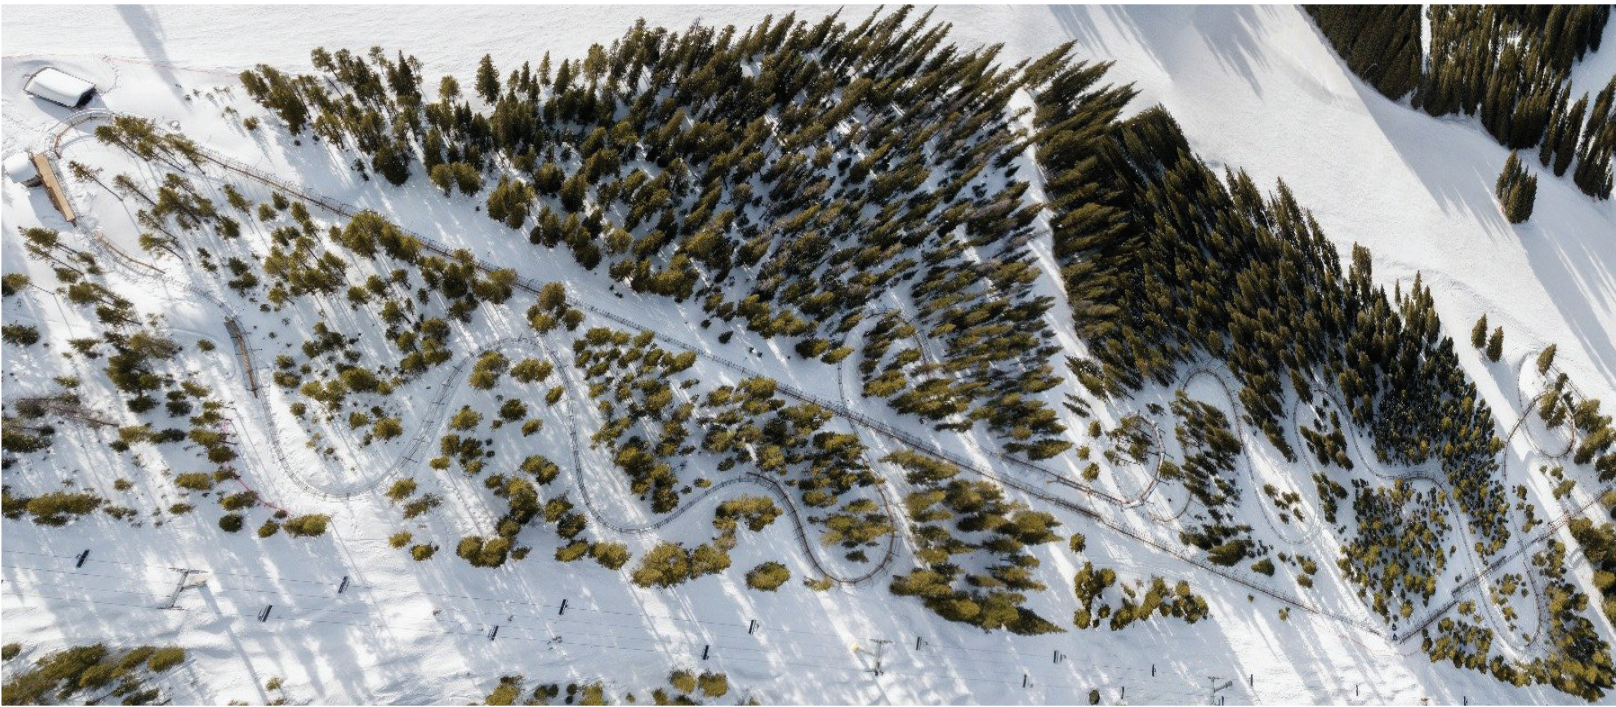

COPPER MOUNTAIN COASTER Copper, CO

Copper Mountain Resort chose ADG to design and build their mountain coaster after seeing the success Killington Resort had with their coaster attraction. The coaster opened to the public in 2017.

★ ★ ★ ADG built the coaster in just 5 months time, opening the project done on-time and on-budget.

-  5,800 ft coaster track
-  1,850 ft of uphill track
-  3,950 ft of downhill
-  430' vertical drop

“We’ve seen great success at our sister resort Killington, so it was an **EASY DECISION TO HAVE ADG BUILD OUR NEW COASTER**. ADG has a **PROVEN SAFETY RECORD** and a passion for what they do so in our minds they were the obvious choice.”
- Copper Mountain Resort

BRANSON MOUNTAIN COASTER Branson, MO

ADG designed and built Branson Mountain Adventure Park’s mountain coaster as their introductory attraction to their new Adventure Park in 2016.

★ ★ ★ Construction began in late April and was opened to the public by August of the same year. (4 months)

-  4,900 ft coaster track
-  1,900 ft of uphill track
-  3,000 ft of downhill
-  330’ elevation

“Knowing we had a knowledgeable partner during this devastating flood was so important to us. ADG did everything they possibly could, working 7 days a week to **GET US BACK UP AND RUNNING** in time to **CAPTURE THE REMAINDER OF OUR CRUCIAL SUMMER SEASON.**”

- Branson Mountain Adventure Park

KILLINGTON MOUNTAIN COASTER Killington, VT

Killington Mountain Resort, “the Beast of the East” opened their mountain coaster attraction to the public in 2015.

★ ★ ★ ADG constructed the coaster in just seven and a half weeks, despite a late May construction start and one of the rainiest June’s in Vermont’s history.

-  4,800 ft coaster track
-  2,100 ft of uphill track
-  2,700 ft of downhill
-  305’ elevation

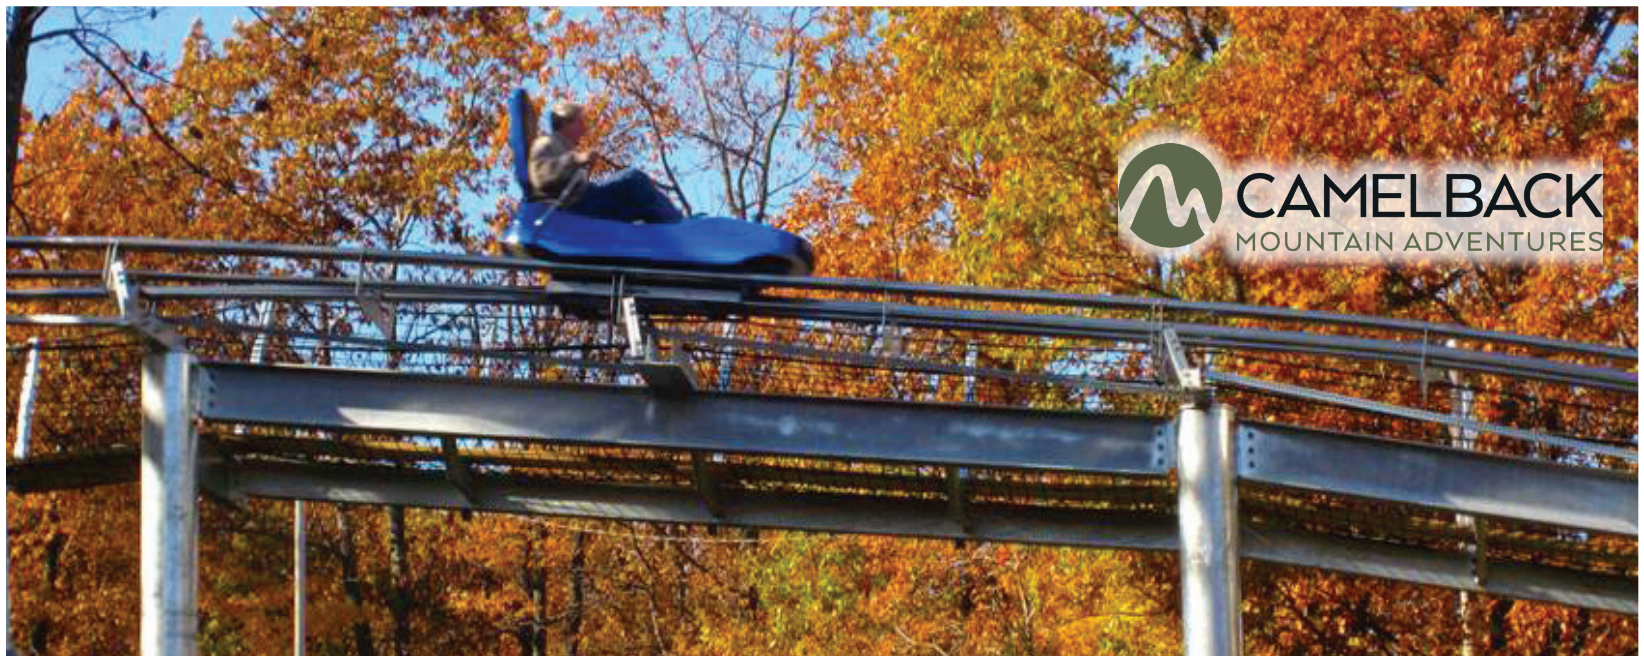

“Killington won’t just have a different look this summer, it will have a **WHOLE NEW LEVEL OF ENERGY!** The coaster had over **20,000 RIDERS** in just six weeks of being open.”

- Killington Mountain Resort

CAMELBACK MOUNTAIN COASTER Tannersville, PA

In order to expand summer operations, Camelback Resort chose ADG to build the first ever mountain coaster in Pennsylvania which opened to the public in 2012.

The only mountain coaster in Pennsylvania, this coaster is approaching 1,000,000 rides since opening.

4,400 ft coaster track

1,700 ft of uphill track

2,700 ft of downhill

330' elevation

“

ADG did so much more than just deliver a product, they took all the necessary steps to **ENSURE THAT THE ATTRACTION WOULD WORK** within our existing infrastructure and be a **SUCCESS FOR OUR RESORT.**”

- Camelback Mountain Resort

ADG designed and built the “Thunderbolt” Mountain Coaster at Berkshire East Mountain Resort, which opened to the public in 2014.

Held the title as longest mountain coaster in North America for nearly 5 years.

5,450 ft coaster track

1,580 ft of uphill track

3,870 ft of downhill

365' elevation

“

The ADG Mountain Coaster is a big deal for Berkshire East Mountain Resort. It has attracted a **WIDER BASE OF NEW VISITORS.**”

- Berkshire East Mountain Resort

“The Mountain Slide is a **STAPLE**
ATTRACTION among guests and
an **INTEGRAL PART OF OUR**
SUMMER REVENUE.”

Jiminy Peak Resort, MA

“We are really excited to bring back a **NEW AND IMPROVED VERSION** of the iconic alpine slide attraction from ADG. It’s **EXCITING AND FAMILY FRIENDLY** all at the same time!”

Camelback Mountain Resort, PA

CAMELBACK MOUNTAIN SLIDE Tannersville, PA

Camelback Mountain Adventure Park wanted to bring back an innovative take on an iconic Mountainside attraction, the alpine slide. Upon opening the attraction resulted in immediate gains, and with rider controlled braking - the ride appealed to guests of all ages.

★ ★ ★ The slide features revamped sleds with rear wheels that eliminate ‘fishtailing’, while a patented speed restricter increases guest safety.

 2,800 ft long track
 440’ elevation

“ We are really excited to bring back a **NEW AND IMPROVED** version of the iconic alpine slide attraction from ADG. It’s **EXCITING AND FAMILY FRIENDLY** all at the same time!

- Camelback Mountain

MOUNTAIN LOGIC

THE ADG ADVANTAGE

Making your vision a reality and getting it right from the start, from conceptual renderings and planning to innovative product design and construction services, inspires the dedicated team at ADG. We are committed to delivering smart, bottom-line strengthening products and solutions.

We take our 50 year construction planning experience and put it to work for your mountain. Our expert trainers have developed a process that outlines the steps necessary for you to create an effective installation program that will have your ride completed in a timely and efficient manner.

Our unique project approach to delivering Mountain Coasters & Slides enables us to provide our clients with the best expert advice and training to ensure the most successful return on your investment. No other company has the ability to offer the flexibility on project fulfillment and follow-through, from concept to completion, like ADG.
